KNOW YOUR SCORE REPORT

A schematic guide to the fields — not an ACER Statement of Results and not a sample result.

SCHEMATIC – NO SAMPLE SCORES

Your Statement of Results

1 Section I	1 Section II
1 Section III	2 Overall score

3 Official percentile chart

Refer to the chart supplied with your own results.

No illustrative curve or percentile has been invented here.

1 **Section scores:** three separate scaled scores, not raw marks or percentages. Check the current section thresholds for each school.

2 **Overall score:** standard ACER weighting is (I + II + 2 × III) ÷ 4. Universities may apply a different admissions method.

3 **Percentile chart:** approximate comparison with candidates in the same sitting. Universities consider section and overall scores, not percentile ranking.

> Read the official report, then check your target school's current admissions guidance. Do not infer an offer, a cutoff or a percentage correct from this diagram.
