YOUR FREE RESOURCE CHECKLIST

Build a focused GAMSAT® starter library. Tick the resources that answer your current study need.

- [ ] **Get oriented**
  Watch the official ACER preparation videos and read the GAMSAT exam overview.

- [ ] **Map the topics**
  Use the GradReady Study Syllabus as a practical topic checklist — not an official ACER syllabus.

- [ ] **Plan your study**
  Use the GradReady Study Planner to sequence content, essays, MCQs and review.

- [ ] **Build Section 2 habits**
  Open the Essay Guide and Quote Generator for writing direction, prompts and themes.

- [ ] **Refresh Section 3**
  Use the Physics Formula Sheet and the biology, chemistry and physics resource lists for identified gaps.

- [ ] **Practise and review**
  Try the sample questions and worked solutions. Use the Free Trial for more MCQs and online practice.

- [ ] **Learn on the go**
  Listen to the GAMSAT to Med School Podcast for tutor perspectives and preparation context.

> Choose by study job, not by popularity. Official ACER e-booklets and interactive practice tests are paid benchmarks, not part of this free checklist.
